

A Land Manager's Tool Kit: Fighting Invasive Plants in Northwest Ohio

**Tuesday, July 14, 2009
9:30am – 4:00pm**

**Ottawa National Wildlife Refuge
Oak Harbor, Ohio**

This workshop is designed for public land managers and private landowners who have a basic knowledge of northwest Ohio invasive plants and are looking for ideas, methods, and partnerships to control infestations.

- At this event, you will learn about invasive plant control efforts & methods in the Oak Openings & Lake Erie marshes regions
- Successful native plant restoration efforts
- Meet with various organizations and vendors to learn about additional resources that are available to control invasives
- Learn how purple loosestrife beetles are used as a control method
- Participate in field trips, exhibits, and demonstrations

**Registration is only \$10 and will be collected at the door.
Box lunches will be provided.**

For more information and to register, please visit the Ohio Invasive Plants Council's website at www.oipc.info. Registration will begin on June 15th.
